Jaye Shasiddeen

State Staff

Vicki Enright  
Diana Carpenter  
Jodie Gillespie

Consultants

Larry Good

Guests

Lynn Bajorek,  
Anne Mervenne

**Meeting Notes:**

- Reviewed results of Alignment Meeting between Low Wage Worker Advancement Strategy Committee, Accelerating Re-Employment/Workforce System Committee and Tackling Major Workforce Issues Facing Key Industry Sectors Committee
  - Consensus was that it is helpful for the three committees to continue to share information and to meet regularly as part of quarterly full CLEG meeting days
  - Our committee will share our industry maps with rest of committees/full Council as they are developed
- Reviewed the Advanced Manufacturing subcommittee notes and graphic depiction (attached)
  - Next Steps
    - Send notes and graphic to all meeting attendees
    - Schedule another meeting at Focus Hope with the same subcommittee members to develop recommendations
    - Intent is to have final industry map ready for presentation at June CLEG meeting
- Discussed the Health Care Subcommittee meeting and results
  - Next Steps
    - Transcribe notes and develop a graphic (using the Advanced Manufacturing model)
    - Schedule another meeting with same subcommittee member to develop recommendations
    - Intent is to have industry map ready for full Committee discussion at the June CLEG meeting
- Committee will identify next industry to map at the committee meeting during the June CLEG meeting; chair will appoint a subcommittee and champion to drive the inquiry as with the first two industries.
